

INDEX

Sl. No.	Program Title	Date	Pages
1.	Program to traverse the array	25/08/2023	
2.	i. Insertion and Traversal of numbers in 2D Arrays ii. Insertion and Traversal of characters in 2D Arrays iii. Insertion and Traversal of floating numbers in 2D Arrays	25/08/2023	
3.	i. Linear Search in Arrays using Standard Search ii. Linear Search in Arrays using Backward and Forward Search	25/08/2023	
4.	i. Sparse Matrices – Lower Matrices ii. Sparse Matrices – Upper Matrices iii. Sparse Matrices – Diagonal Matrices	28/08/2023	
5.	i. Bubble Sort using flag ii. Bubble Sort having options for descending or ascending	28/08/2023	
6.	Program to implement Insertion Sort	28/08/2023	
7.	Program to find the number of occurrences of an element X inside an array A[N]	01/09/2023	
8.	Program to implement Diagonal Matrix in one-dimensional array	06/10/2023	
9.	Program to implement Lower Triangular Matrix in one-dimensional array	06/10/2023	
10.	Program to create a link list and give options to insert data at the beginning, at any position or at the end	09/10/2023	
11.	Program to delete items from the linked list – Delete at Beginning, End, any Position, and Search	13/10/2023	
12.	Program to implement searching in Link List	16/10/2023	
13.	Program to implement linked list concatenation	20/10/2023	

14.	i. Program to reverse a linked list – a singly linked list ii. Program to reverse a linked list – a doubly linked list	27/10/2023	
15.	Program to implement Linked Queue Operations – Insertion, Deletion, Display	30/10/2023	
16.	Program to implement enqueue, dequeue, display and searching in circular queue	10/11/2023	
17.	Program to implement Linked Queue using dynamic memory allocation	10/11/2023	
18.	i. Program to implement STACK, including 3 modules for push, pop, and display ii. Program to implement STACK dynamically	13/11/2023	
19.	i. Program to find the factorial of a number using recursion ii. Program to find the factorial of a number using iteration	17/11/2023	
20.	i. Program to print the Fibonacci series using recursion ii. Program to print the Fibonacci series using iteration	17/11/2023	
21.	i. Program to find the Greatest Common Divisor of a number using recursion ii. Program to find the Greatest Common Divisor of a number using iteration	20/11/2023	
22.	Implementation of Queue using multiple Stacks	24/11/2023	
23.	Implementation of reverse stack using another stack	24/11/2023	
24.	Program to implement binary tree displaying Preorder, Inorder and Postorder notations	01/12/2023	
25.	Program to implement binary search tree (BST) displaying Preorder, Inorder and Postorder with insertion, deletion and searching	04/12/2023	
26.	Program to implement AVL Tree	08/12/2023	
27.	Program to implement Binary Heap Tree – Max Heap	08/12/2023
